NEW HAMPSHIRE AGAIN COUNTED FOR WILSON

**Official Figures Show He Has a Lead of
Seventy Votes -- Official Inspection
Asked For**

As the reckoning of New Hampshire's presidential vote stands today, Wilson carries the state by 70 votes. This count is based on official returns from all but five of the 294 towns and wards, and on unofficial figures from these five. It shows these totals:

Wilson 43,785
Hughes 43,715

It is highly probable that an inspection of the ballots will be asked, as soon as the official count is completed, whatever that computation may show.

Work upon the official returns, proceeded at the office of the secretary of state and the secretary issued his final statement on Friday.

This showed that with five of the 294 precincts missing, the certified

count was:

Hughes 43,428
Wilson 43,098
Hughes' lead 324

Secretary Bean pointed out however that these figures included the Hughes vote in two precincts, the clerks of which had failed to credit Wilson electors with any votes in their certificates. Communication with the clerks in each instance developed that errors had been made. John Horan, clerk of ward 2, Dover, said he should have reported 289 Wilson votes. Clerk Adolph W. Pressler of Ward 2, Keene, said he had omitted 135 Wilson votes. Both said they would correct their returns on substitute blanks, forwarded by the secretary.

**Bombard Captured Rumanian
Ports Held by the
Germans.**

(Special to The Herald)
Petrograd, Nov. 11.—The Russian Black Sea fleet is reported to be bombarding the two Rumanian ports of Constantza and Manastir. This report was received from Odessa and is thought to be nothing more than the usual raid of the Russian fleet on the two captured Rumanian cities.

TWO AIRMEN SHOT DOWN IN RAID

(Special to The Herald)
Berlin, via wireless, Nov. 11.—Two allied aeroplanes were shot down today when the allied airmen made a raid over Ostend, was announced by the war office today. They state that the raid did no great damage.

PORTSMOUTH WOMAN RE-ELECTED PRESIDENT

MISS MARTHA KIMBALL

Miss Martha S. Kimball Again Will Lead the New Hampshire Equal Suffrage Association

Concord, Nov. 10.—Miss Martha S. Kimball was today elected president of the New Hampshire Equal Suffrage association at the closing session of its annual convention in the Memorial Parish House.

The meeting, today was well attended and the association voted to assume and take its share of the

million dollar fund now wanted by the national body. Plans were immediately begun for the procuring of the money, and will be later used for general propaganda and campaign purposes.

PRACTICALLY CONCEDE WILSON'S VICTORY

**Formal Acknowledgment May Be De-
layed Until the Official Returns Are
Tabulated**

(Special to The Herald)
New York, Nov. 11.—Formal acknowledgment of President Wilson's victory by Mr. Charles E. Hughes and the Republican national committee is expected soon. According to the latest developments in the political situation there is nothing else to do. This acknowledgment will take the form of a telegram of congratulation from Mr. Hughes to President Wilson.

It was rumored about the Republican headquarters today that Messrs. Hitchcock and Perkins had advised Mr. Hughes to make his acknowledgment but that Chairman Wilcox had advised him to wait.

At present the Republican manager will do nothing until the official tabulation of the vote in the contested

states is received and there is little likelihood now of any recount being demanded. The President's popular majority is estimated at over 400,000 and there is a possibility that his electoral vote may run as high as 283. Hughes carried seventeen states and the combined vote of the two candidates was unofficially estimated at 16,724,114, the largest vote ever recorded at an election in this country. The record vote this year was caused by two things, the additional women's vote and the keen interest in the national issue. President Wilson polled more than two million more votes than in 1912 and Hughes more than Taft and Roosevelt together. The vote of the Socialist and Prohibition parties show large increases.

ALL OVER IN CALIFORNIA

(Special to The Herald)
San Francisco, Nov. 11.—The curtain has been run down here today on the election controversy, at least so far as the Democrats are concerned. Leaders spent the night looking over the returns and today it was announced that "the Republicans have no chance, either on a recount or a split delegation." According to Democratic figures the lowest Democratic electoral is nearly one thousand votes ahead of the highest Republican.

PENETRATE GERMAN TRENCHES

(Special to The Herald)
Berlin, via wireless, Nov. 11.—Penetration of the German position by the English north of the Somme river was admitted by the war office this afternoon. A French attack was how ever beaten off with heavy losses. All of the other allied attacks along a wide front broke down under heavy fire.

PRESIDENT WORN OUT BY CAMPAIGN

Williamstown Mass., Nov. 11.—Worn out by the strenuous activities of the nerve-racking campaign, President Wilson was greatly pained today when it was considered all over, and he made it plain to his friends that he was badly in need of rest. The strain of the uncertainty of the election has worn deep traces in the President's face. His intimate advisors have urged him to take a long rest on the Mayflower and he is expected to follow this advice as soon as he gets back to Washington. A drive through the woods here with President Garfield of Williams College and the football game this afternoon were the only activities on his schedule. His party will leave tonight for Washington.

Berlin, via Sayville, by wireless, Nov. 11.—A new Teutonic success in Galicia was announced by the war office this afternoon. German troops penetrated the Russian positions on the Narayuvka river, where violent fighting has been going on for months with but little success on either side. Several counter attacks during the night failed to drive the Germans back from their new positions.

REPUBLICANS GIVE UP HOPES FROM RECOUNTS

Recounts in Five States May be Held but Leaders are Believed to Think that no Change Will be Made in Final Result

New York, Nov. 10.—Republican campaign managers went into conference at noon today to consider the election situation and to decide definitely what action shall be taken in respect to the recount of the votes in states where the figures were close. After a lengthy conference it appears to have been decided that no country-wide action will be taken as the returns later received all point to the fact that President Wilson is assuredly re-elected, and unless California sends in a divided electoral vote the final situation will not be changed. That there will be recounts in some states seems assured and New Hampshire has already moved for a recount. Twice since noon the returns from the Granite State have changed the state from one column to another. At noon the state was democratic in its vote for the president with a plurality of 74 votes for Mr. Wilson. In the afternoon the figures had again been shifted and the vote was placed in the republican column with a lead of 101 for Mr. Hughes. Just before midnight the figures again showed the vote for Mr. Wilson was above that for Mr. Hughes by a small margin.

George W. Perkins was the first of the campaign managers to arrive at headquarters this noon and he was followed by John W. Weeks of Massachusetts, chairman of the Republican senatorial campaign committee. The two had a preliminary conference which lasted for nearly an hour before the other campaign managers were called to the meeting.

The situation in California, with but 25 precincts to be heard from, gave Mr. Wilson a lead of 3160, appeared to be definitely settled and the state will likely send its thirteen electors pledged to cast their votes for the President. There still remains the possibility of a division of the state's electoral vote of 13. With Minnesota still in doubt, Mr. Hughes leading with 162, the President holding the thirteen from California, has 269 electoral votes, three more than is necessary. With the four from New Hampshire his vote of the electoral college will be 273, or seven more than is needed to elect.

The states in which a recount may be held are California, Minnesota, New Hampshire, New Mexico, and West Virginia. The only hope of a change held by the Republicans is in California, and this is so slight that the leaders are doubting the advisability of making the demand.

Doston, Nov. 10.—Private advices

from well-informed republican sources state that there will be no long, drawn out contest over disputed election returns in the close states unless palpable fraud is indicated. The republicans, it is said, will accept the verdict of the people gracefully, and will do no quibbling.

It is recognized that the democrats will be in control of the next Senate and House, and even were Hughes elected, he could, as a practical matter, accomplish little against an adverse Congress.

BOWLING

Kingsbury and Young Win from Renner and Mowe

In a close match rolled last evening on the Arcade Alleys Kingsbury and Young scored over a five string game against Renner and Mowe, winning by eight pins. Kingsbury rolled the highest single with a score of 126 in his third but in each of the others fell below the 100 mark. Renner rolled the high total with 493, rolling 121 for his high single. The summary follows:

Kingsbury Young vs Renner Mowe

85 90 55 86

86 110 124 94

126 95 126 85

95 90 90 100

95 87 93 100

487 484-971 493 465-903

The season at the Elks' Alleys will open this evening and Jimmy Hogan, who officiated as manager last season is again in command. The 1915-1916 bowling season on the Elks' Alleys was a big success and this season promises to be just as successful.

Jimmy is getting the team lined up and from all reports it seems likely that there will be several leagues, as well as the league in operation last year, to keep the balls rolling and the pins flying. An Elks Team is also being talked of to roll against some of the other fast ones in the city.

SHOULD BUY 4600

VICKERS MACHINE GUNS

Army and Navy Puts This Make First After Comparison With Lewis and Other Types.

Washington, Nov. 10.—Immediate purchase of 1500 Vickers machine

rifles of the present standard model for the regular army and national guard is recommended by the joint board of the army, navy and marine corps officers which for months has been studying machine gun problems. The department has \$100,000 available for this purpose.

A preliminary report was made public today showing that further tests are to be made with other types of machine guns, but that on the strength of information already in the war department and obtained from European battlefields the board sustained the army ordnance department in holding the English made Vickers gun the most serviceable weapon now available. The board considered reports on several other foreign guns and upon the Lewis and other American automatic rifles. Representatives of the manufacturers of each were given a hearing.

Rub pain away with small trial bottle of old, penetrating "St. Jacob's Oil."

What's Rheumatism? Pain only. Stop drugging! Not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacob's Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism and sciatica treatment, which never disappoints and can not burn the skin.

Linger up! Quit complaining! Get a small trial bottle from your druggist, and in just a moment you'll be freed from rheumatic and sciatic pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. Old, honest "St. Jacob's Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

ELECTED MEMBER OF NATIONAL ASSOCIATION

The Rifle Club of Portsmouth to Have Range at the Christ Church.

The Rifle Club of Portsmouth held its regular weekly meeting last evening at Christ Church. A letter from Mr. Fred H. Phillips, Assistant Recorder, National Board, and Secretary of National Rifle Association, was read to the members, in which he stated that the Club had been elected to membership and that the charter had been forwarded. The matter was immediately taken up of securing the rifles so that regular work may begin. The cellar of the church and the target and backdrop for bullets is about half finished and will be completed this week. Then work will begin at once to qualify as many of the team as possible in the indoor N. R. A. gallery match. The following descriptions are offered in this match. To those qualifying for the first time will be given a watch. To those qualifying for the second time will be given a silver watch. To those qualifying for the third time will be given a gold watch. The N. R. A. rules will decide all this. The members of the club now are C. L. Weaver, president; W. M. Weston, vice president; Rev. C. E. Urine, secretary; S. W. Emery, treasurer; C. P. Wyatt, executive officer; A. J. Weston, W. Parsons, George Dawson, W. Warburton, W. E. Meier, Harold Weston, Ralph Weston, H. C. Lattin, W. R. Grover, C. R. Newton, Burgess Weston. The next regular meeting will be held in the church Friday evening at 8 o'clock, Nov. 18. Any one interested is urged to be present or to see one of the members and have a talk with them as we are going to start work very soon and every one should start together.

SULLIVAN COUNTY HAS GONE DRY

Newport, Nov. 11.—By a decided majority every town in Sullivan county voted for no license on Tuesday and the ladies of the W. C. T. U. and the leading citizens of Newport are to hold an observance of the fact.

This is the first time in history that every town in the county has gone dry and by majorities that will be hard to overcome.

STATE PEACE SOCIETY WILL MEET THURSDAY

of the association, which is in reality a fund much larger than that used by either of the political parties. In the last presidential campaign, it is expected that the movement will receive nation-wide attention and that the federal amendment will be put on the passage list.

Congratulate Miss Rankin

On a unanimous vote of the convention, a telegram of congratulation was sent to Miss Jeannette Rankin, who, it was assumed had been elected to congress from Montana being the first woman to achieve that honor. Miss Rankin is well known here having campaigned in this state for the cause of woman suffrage, less than two years ago.

The business of the session today was the reading of the annual reports and the election of officers. Reports were given by the following: Dr. Inez F. Nason, secretary; Mrs. Vida Chase Webb, treasurer; Mrs. Winston Churchill, finance chairman; Miss Anna Stevens, Woman's Journal; Mrs. Susan Bancroft, chairman propaganda; Mrs. Edith L. Johnson, chairman enrollment; Mrs. Annie L. Knox, chairman publicity. Several of the city chairmen also reported for their communities.

Plans for raising money were suggested by Dr. Effie McCollom Jones of Iowa in a short address and the subject was also discussed by Mrs. Churchill.

Officers for the ensuing year were elected as follows:

President, Miss Martha S. Kimball Portsmouth; vice president, Mrs. Winston Churchill, Concord; second vice president, Mrs. Frank Knox, Manchester; corresponding secretary, Mrs. Robert F. Johnston, Manchester; recording secretary, Dr. Inez F. Nason Dover; treasurer, Mrs. E. W. White, Marsh, Laconia; advisory council, Miss Harriett L. Huntress, Concord; Hon. Henry H. Metcalf, Concord; Mrs. Vida Chase Webb, Lisbon; Mrs. Mary L. Wood, Portsmouth.

Before adjourning the convention passed the following resolutions:

Resolutions Passed

Resolved—That the New Hampshire Equal Suffrage association rejoices in the great advance of the suffrage movement during the past months, an advancement unparalleled in the history of the movement. Among the events for which we are most grateful are the enfranchisement of four great Canadian provinces, our neighbors on the north, and the endorsement by everyone of our national political parties of votes for women.

Resolved—That we appreciate the pledge of our four U. S. Senators and representatives to vote for the federal amendment, a pledge that for the time being.

The following district deputies, 19 in number, answered to the roll call: District No. 1, Robert Snodgrass, Berlin; District No. 2, Charles O. Dahl, Conway; District No. 3, Clarence S. Cole, East Rochester; District No. 4, Iruad J. Steeves, Dover; District No. 5, Willard K. Tozier, Exeter; District No. 6, Louis S. Hartman, of Milford; District No. 7, Leon D. Tilton, West Manchester; District No. 8, Frank L. Aldrich, Sunabook; District No. 9, Bartley P. Simpson, Tilton; District No. 10, J. Page Quimby, Meredith; District No. 12, Leon B. Proctor, Hillsborough; District No. 14, Samuel E. Hubbard, Walpole; District No. 15, Henry N. Hurd, Claremont; District No. 16, George H. Thompson, Lebanon; District No. 17, Milo G. Farnham, North Haverhill; District No. 18, John T. Twombly, Whitefield; District No. 19, Charles S. Drew, West Ossipee.

ODD FELLOWS OFFICIALS GATHER

Hold Annual Conference at Manchester With Grand Officers.

In accordance with custom the annual meeting of the district deputy grand masters and grand lodge officers, I. O. O. F. of the state took place at the Grand Secretary's office in Odd Fellows' Building on Hanover street, Manchester Friday evening.

For the first time in the history of the present district system which has been in vogue 15 years, every deputy was present.

The grand lodge officers present were: Grand Master Frank M. Chiley of Exeter; Deputy Grand Master, Justin A. Emery, Rochester; Grand Warden John R. Spring, Nahant; Grand Representative, Charles S. Emigson, Milford, and Walter J. Tripp, Short Falls; Grand Representative-elect George W. Pike, Lisbon; Past Grand Representative Robert L. Whitney, Marlboro and Grand Secretary first time in our history makes our congressional delegation, a unit on the suffrage question.

Resolved—That the year 1916 is a memorable one in our annals by the passing from the earthly to the heavenly life of Mrs. Armilla S. White, who with her husband was the founder of the movement in this state. Nearly 50 years ago Madam White became the first president of our organization. She labored for the cause in season and out of season, at a time when the champions of woman's rights brought the personal obloquy and contumely. With her husband she was the chief worker in the movement which won school suffrage for women in 1878, making New Hampshire the sixth state in the union to grant this measure of justice to the other half of its adult citizens.

GOETHALS RAPS CALAMITY HOWLERS AND KNOW-IT-ALLS

Washington, Nov. 10.—Predictions that earth movements in the Panama canal will be overcome finally and for all time is recommended by Major General Goethals, governor of the Canal zone, in his annual report made public today by the war department. "This will be accomplished," General Goethals said, "notwithstanding the calamity howlers and despite the disastrous predictions of the know-it-alls."

Referring to the slides, the general says he is moved to go into the subject again only because of the many false reports that have been reported.

"Such reports are false and there is no foundation for them," he declares, "yet they seem to have gained credence probably because a pending treaty between the U. S. and Nicaragua contemplates securing from the latter all rights for building a canal on its territory."

"Such reports," General Goethals adds, serve to help shipbuilding companies to take advantage of present conditions to charter ships at excessive rates, and permit an increase in insurance rates. He protests particularly against a widely published report made by Prof. Benjamin Leroy Miller of Leigh University, on his return to the U. S. After spending some three or four hours looking over the canal General Goethals says this is unwarranted and unfair.

ADAMSON LAW ATTACKED AS UNCONSTITUTIONAL

Opening of the Fight Against the So-Called Eight-Hour Law is Begun by Atchison Attorneys

Kansas City, Mo., Nov. 10.—The first step in an effort to have the Adamson eight-hour law declared unconstitutional was begun yesterday when attorneys for the Atchison, Topeka & Santa Fe Railroad filed an application for an injunction restraining Federal authorities from putting the law into effect.

Characterizing the law as an arbitrary increase in wages, the application for the injunction asserts the law is unconstitutional because it is not a regulation of interstate commerce; is a mere experiment intended as a basis for further legislation; is unworkable and uncertain, and deprives the railroad of its liberty of contract and right of property without due process of law. The petition requests specific directions from the court regarding what steps must be taken in keeping special accounts, providing bonus and otherwise guaranteeing the rights of its employees under the law, pending final decision of the court regarding the law.

Reference is made to the agreements with the railroad brotherhoods respecting compensation and conditions of employment of train service employees and the petition sets forth that "none of these agreements contemplated that an employee shall work a fixed number of hours per day; that all of said agreements contemplate, and the peculiarities of railroad train service necessitate, that employees engaged in the operation of a train shall remain on duty until the train reaches the terminal where such train employees reside or can be accommodated with lodging between trips."

It is asserted that the Adamson law if capable of application, is a mere arbitrary increase in wages, without reference to the question of whether existing wages are high or low, and op-

erates, with respect to any class of train service, to give the greatest in-jury the highest wages and the lowest increase to the employees who now en-joy the lowest wages.

It is urged that the law tempts em-ployees to run trains slower in order to get more time and over time, also that the changes which the Adamson law undertook to make are radically different from those proposed by the railroad brotherhoods, as the brother-hoods asked for an increase in pay in switching and hostling service, but the Adamson act is confined solely to ser-vice in the operation of trains. The brotherhoods called for the retention of any rates of pay or rules or con-ditions of employment more favorable than the changes demanded, but the Adamson act does not attempt to pre-serve any such more favorable rates, rules or conditions.

No Passenger Service Change
"The brotherhood demanded no change as to the passenger train ser-vice," says the petition, "but the Adam-son act relates as fully to that as to other sorts of road service. The brother-hoods provided for the retention

of the mileage basis, and that no em-ployee should receive less for 100 miles than he now receives for 100 miles, and for overtime when the speed was less than twelve and one-half miles an hour, but the Adamson act provides an eight hour day at the exclusive method of measuring com-pensation."

Specifically, the company's com-plaint is against Fred Robertson, United States attorney for this district, asking that he be enjoined from begin-ning prosecutions for violation of the law pending determination of its con-stitutionality, and against W. W. Hut-ton, a general chairman of the rail-way conductors and other brother-hood officers asking that they be pro-hibited from beginning court actions under the provisions of the law.

Austro-Hungary as the new ambas-sador to the United States to fill the vacancy caused by the recall of Dr. Con-stantin Dumba, which was requested some months ago by the United States. It is understood that Count Tarnow-Tarnowski is acceptable to this coun-try as he has been in Washington in the past, as one of the attaches to the Austrian Embassy and was well liked. Since the recall of Dr. Dumba, the office has been vacant, the interests of Austria being in the hands of min-isters and subordinates attached to the Embassy. The newly named am-bassador is reported as already on his way to the United States.

NEW HAMPSHIRE AGAIN COUNTED FOR WILSON

(Continued from Page One.)

retary of state.
The five precincts not accounted for in the certified returns were shown by press figures to have cast 253 for Wilson. Unofficially the secretary of state said that these several figures indicated a Wilson lead in the state of 70 votes. The combined total of certified and press reports was: Hughes 43,715; Wilson 43,735.

Two of the towns returning official statement today changed the figures gathered by newspapers but the dif-ference was slight in each case. One change added ten to the Wilson vote; another lessened it by four.

Preparations for a recount brought ballot boxes from many places to the capitol. The ballots were sealed in regular postboard boxes in many va-rieties of containers. Wooden pack-ing boxes, cardboard boxes, a box that resembled an ice chest, crates and other forms of receptacles came in by ex-press, by freight and on trucks. All were placed in a special vault to be held for the inspection which the law states shall not begin until 15 days after the filing of notice.

It is highly probable that this in-spection will be held. The advisory committee of the Republican state organization communicated with Chairman Wilcox of the Republican national committee and informed him that an inspection would doubt-less be demanded. Chairman Wil-cox answered, saying that the New Hampshire vote was very important, and that the state committee should see that every precaution is taken to have the inspection made thorough-ly and accurately.

The Democratic state committee was of course in an optimistic frame of mind. It claimed the state confi-dently and declared that it had no fear of a recount. The committee is-sued the following statement last night:

"We accept as approximately cor-rect the tabulations showing a plu-rality in the state of 70 for Wilson. That Wilson has carried the state admits of no doubt. No inspection of the ballots can show a material change. If there is any change at all it will be favorable to the President. The Democrats have not asked for a recount and have made no charges of fraud at any time. They have merely taken steps to protect the in-terests of the President in New Hampshire in case an emergency should arise. No emergency is now anticipated. The burden of proof is on the Republicans. The highest plural-ity that we have claimed for the president at any stage was 121."

About 90 Lead in Legislature
The Republicans will have a lead of about 90 in the next New Hampshire house of representatives, according to semi-official computation made by Hobart Pillsbury, deputy secretary of state. His figures give the following lineup:
Republicans 242
Democrats 154
Independent Democrat 3
Times pending 3
Missing returns 5

Total membership 401
The Independent Democrat is from the town of Hampton. The ties pend-ing are in Bath and Washington. In Bath the Republican and Democratic candidates each polled 99 votes. In Washington the Democratic candi-date had 25 and the name of a man who was not printed on the ballot was written in with pencil 28 times.
The missing seats are three in Littleton and the single seat from the third ward in Laconia and the town of Rye. Returns of these five are ex-pected soon. The senate stands 15 to 3 Republicans with several recounts probable. The council stands four to one Republican.

SPECIAL TRAIN BRINGS CHURCH CORNERSTONE

Fayette, Mo., Nov. 10.—When the congregation of the First Christian church of this place planned to erect a new church building and observe the laying of the corner stone with fitting ceremonies they neglected to see that the corner stone was on the ground by the day it was to be used. Everything was in readiness for the ceremonies when the oversight was discovered. The stone had been cut at Boonville. A special train was made up and brought the corner stone here in time.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the little liver and bowels and they get well quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated, waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy be-cause they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomor-row.

Ask your druggist for a 50-cent bot-tle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

Importance of the Press.

At a recent meeting of a club that devotes itself to the study of matters of public interest and importance the subject of discussion was "The Newspaper in Relation to the Community." The meeting was presided over by the professor of social sciences in one of the eastern colleges, and those who took part in the discussion were people whose observations and experiences have been such as to give weight to their views.

It is needless to say that the importance of the newspaper in the life of today was recognized by all. One speaker pointed out that the two great functions of the newspaper are to act as a medium of communication over large areas and to develop intelligent public opinion. He said a democracy of any size would be impossible without the newspaper. Other speakers emphasized the importance and value of newspapers, which, however, did not escape criticism. Their worst faults were declared to be excessive partisanship and sensationalism. The former leads to a certain degree of unfairness in political discussion, while the latter encourages exaggeration in the reporting of occurrences where simple and plain statements of the truth would serve a better purpose. In the course of the meeting the newspaper was viewed and considered from all angles. It was pronounced the greatest aid to the work of education and the best friend of the church and all other worthy institutions and causes. It is utterly indispensable, and with whatever defects it may have the newspaper stands as the greatest single force in society today.

Such was the judgment of those who took part in this meeting and such must be the inescapable conclusion of every intelligent man and woman. Newspapers are so common and inexpensive that their importance is less considered than would otherwise be the case, but the fact remains that they are the most powerful and uplifting influence in the life of the times. All classes are touched, influenced and bettered by them. They may well be called the lifeblood of modern civilization. In the home, on the railroad train, in the shop, the office and the store they are to be found silently doing their great work day after day and year after year. As the handmaiden of education, religion and civic betterment there is nothing in the wide world to be compared with the newspaper.

In Appreciation of Daniels.

The vote of Portsmouth and York county, Me., for President in the campaign just past, is an endorsement of the efforts of Josephus Daniels, secretary of the Navy, and as such must make Mr. Daniels realize that some sections of New England, if not all, appreciate what he has done. Four years ago Mr. Daniels made numerous promises as to what he intended doing for the Portsmouth Navy Yard. At the Rockingham Hotel, soon after he was appointed to the office of Secretary of the Navy by President Wilson, he made a number of statements before the businessmen of the city. Many other new secretaries of the Navy had made similar promises and his promises were accepted for the time being. Mr. Daniels not only made the promises, but to the amazement of the people of this section, he came through with them. The Portsmouth Navy Yard has prospered under Mr. Daniels and the men have had steadier employment than under any other secretary excepting Mr. Chandler of this state.

Mr. Daniels, a southerner has recognized the worth of the Portsmouth Navy Yard, and despite its location, politically, he has done what he said he would. Mr. Daniels is an editor and knows how to do business. Had he been simply a politician he might not have kept his promises. But he did keep his promises, not from any political hopes of reward, but because he had made them; and he made them because he said that the yard was an excellent one and should be used. The voters of this section have shown Mr. Daniels that they still have faith in him, and from his past performances it is firmly believed that this faith is well placed.

We have felt it our duty to give the administration in power proper credit for all that it has done for Portsmouth and the Portsmouth Navy Yard. This paper's duty is to do everything possible for the good of the entire community. It has attempted to do that duty and has more than once complimented Secretary Daniels, endorsing his administration of naval affairs. Mr. Daniels has proved his worth, and the voters have publicly admitted it.

The Cuban election was very quiet and orderly. The sale of liquor was prohibited on election day, and also the carrying of arms. Even the use of canes was prohibited and soldiers armed with rifles stood on guard at the polling places. Indeed, why should not the election have been "quiet and orderly?"

The coal situation is still taking the attention of the government investigators. It is to be hoped they will go to the bottom and get there before the groaning consumer has been too severely fleeced.

EDITORIAL COMMENT

A Life Prisoner, Not a Convict
(From the Louisville Courier-Journal)
A newspaper in Texas proposes that married men wear a distinctive costume—stripes, for example—to distinguish them, so they cannot flirt with unmarried women. Is it the Texas idea that a married man should be advertised as a convict because he's married?

Blaming It On the Women
(From the New York Herald)
It is a sad day for the women! The Hughes women's train campaign is blamed for loss of votes in the west. The Illinois women are blamed by the Wilson managers for the loss of that state. And a new guidebook for strangers in the city blames the "fashionable women" of New York for vulgarity in public.

"It is no exaggeration to say," says Rider's New York City, "that today the fashionable women of New York venture upon the streets clad in garments which in brilliancy of hue and scantiness of neck and sleeve would have been considered ten years ago appropriate only for afternoon or evening receptions. The responsibility for this change undoubtedly rests upon the dancing fad."

Is the "Pie" Ready?
(From the Brooklyn Standard-Union, Rep.)

Here is a fine illustration of how the Underwood tariff law is working: Imports from Great Britain in the first eight months of this year totaled \$219,000,000, as compared with \$176,000,000 for the same period of 1913, when the Republican tariff was in effect. It is easy to imagine the flooding of our markets if Great Britain, France and Germany were not bending all their efforts to the business of war. If the English can jump their imports \$43,000,000 in an eight-month period while engaged in a death struggle, it is plain that our manufacturers would suffer heavily if she were unhampered by war. To employ a slangy phrase, the United States would be "pie" for Europe. Indeed, she was that in the period between the enactment of the Underwood measure and the beginning of hostilities, which, of course, afforded our business men the relief from competition so badly needed.

Cost of Living in Canada
(From the Buffalo Express)
The contention of some Democratic newspapers that the restoration of the Republican tariff would further raise the cost of living in northern states by cutting off the importation of foodstuffs from Canada is negated by this fact: The cost of living is as high in Canada as it is in this country. It costs as much to live in Toronto as it does in Buffalo, as much in rural Ontario as it does in rural New York or rural New England.

When the Laurier Government went to the people of Canada on the reciprocity issue in 1911 the principal argument in favor of a reciprocal trade agreement with the United States was that it would reduce the cost of living in Canada to the level then obtaining on this side of the border. The Liberal papers of Canada daily contained quotations from markets on both sides which showed that living was cheaper in the United States than in Canada. That was five years ago, but there has been little change. The cost of living has advanced at least as rapidly in Canada as it has here.

New Ashford's on the Map
(From the Pittsburgh Gazette-Times)
Nobody outside the State of Massachusetts and few within its borders probably had heard of New Ashford before Tuesday. But by noon, Eastern time, the whole United States was talking about the town as if it were an old friend. Political leaders of the call-bro yet to be found the news from New Ashford of profound importance. Indeed, New Ashford had set the pace for the country, its revealed political wisdom had disclosed the trend of public sentiment, and the election was really over. Hughes was elected, and so was Wilson. After the returns from New Ashford had been analyzed and compared with the vote of the same town four years ago it was plain as a tub of soda in a prohibition town that there was a landslide for Wilson, and that Mr. Hughes had pulverized his political adversary into very fine powder.

New Ashford, which has twenty-five electors entitled to vote, got twenty-three of them to the polls the first thing in the morning. It was a regular election, all right, but what was the use of keeping the country in suspense when it was all over? So the selectmen just closed the polls, counted the vote, and went home, assured that the country had been saved for another four years. Somebody walked out with the news, for that was the only way it could get out, since New Ashford has neither railroad, telephone nor telephone service. And so how this little Massachusetts town had voted was learned in the course of time at the rival political headquarters.

"Ah!" exclaimed Henry Morgan, treasurer of the Wilson Committee, his mind wandering for a moment from the debt of \$200,000 that confronts him, "four years ago Wilson got only four votes there. This year he got seven. That's a gain of seventy-five per cent. There's nothing to it! It's a landslide for the Democrats. Hughes got sixteen? That's nothing. Last time Roosevelt and Taft got only thirteen, so the Republican gain is only a fraction more than twenty-five per cent. It's fine!" And Chairman William R. Wilcox of the Republican National Committee also thought it fine, and it was. Mr. Wilcox saw that all the Progressives had returned to the Republican fold, and the increased vote of New Ashford was equally divided between Democrats and Republicans. So, if New Ashford sentiment represented that of the country, Hughes was, in fact, elected.

But wise men looked upon the Massachusetts town vote as only a wee straw, interesting principally because it came into view so early. However, this prompt settlement of the election is a matter of consequence to New Ashford. Hereafter in national elections it will be looked to early for such sign as it may give. New Ashford has become known. It is on the map. Now is the time to start a town boom here and to agitate for public improvements. Certainly New Ashford needs the telegraph.

THE BATTLE SEEMS OVER
(Boston Herald)
If you will study the table which we present in another column—for the first time today with approximate accuracy—showing the vote which the two candidates polled in the several states you will see that the Hughes majorities in the eighteen which he carried are stented, while the Wilson majorities are generally large. The total of this disparity reaches \$0,000. It would be useless to repeat the figures here, but contrast Wilson's \$4,000 lead in Ohio with Hughes 6000 in Indiana and you will get a sample of the great moderation on one side of the line beside a sweep on the other.

The Hughes pluralities were small in every New England state, including Massachusetts and Connecticut. The Wilson pluralities in the Rocky Mountain region, even in states of only one or two congressional districts, proved astonishingly large, even with due allowance for the voting of both sexes.

The one great rebuke which the President gets in this election comes in the almost unprecedented opposition majority in New Jersey. It is incidentally interesting that the home states of both Wilson and Marshall went against them, while New York and Indiana cast their electoral votes for Hughes and Fairbanks. But Fairbanks does not "come back," any more than Adlai Stevenson did when a candidate for a later term as vice president.

This is one of those elections when we shall soon be swarmed with speculations as to the number of votes that would have turned the scale. Of course, it would be a small number. It is ever thus; but what of it? The votes fell as they did. If Hughes had carried California he would have won the election by a series of very narrow margins. He would not in the broader ethics of the situation deserved it.

Oregon and New Hampshire stand out with a peculiar prominence each as an island in an ocean of opposing opinion. But this is in keeping with the history and traditions of the two states. Oregon is old in the American Union. It came in with the Louisiana purchase. It acquired statehood while it snowed sprightly neighbor to the north was a wilderness. Its chief city is perhaps the most conservative city on our Pacific coast.

Though New Hampshire has not attracted much attention to itself, its electoral vote is so small, it has been an exceedingly close state for the greater part of its political history. On no ground was the fighting more severe from the rise of the anti-slavery issues to the Democratic collapse under Bryan than in the Granite State. It witnessed great controversies in the past in which John P. Hale and Franklin Pierce fought out on New England soil those issues of freedom which were destined to struggle in a greater arena.

New Hampshire has always had an opinion of its own and it is strange that in this year of surprises and capriciousness in the balloting it should have been the state in the far northeast to sound the note of a retreat. Its Republican lawmakers, Gallinger, Sullivan, evidently understood the temper of the state when they voted on the McLenore resolution.

In fact, no one can study the returns with any care without concluding that the agitation for a recount is destined to be futile, because basically considered, the country by its approved constitutional agencies has expressed its opinion and decided for a continuation of the administration of Woodrow Wilson, the first Democrat to be thus honored since Andrew Jackson in 1832.

INCREASED THE OFFICE FORCE
Wilfred I. Caswell has been appointed a writer in the office of the superintendent of coast guard in this city. He enlisted in the coast guard service as a ship's writer and has been assigned to this district.

The work of installing the coast guard service on a more elaborate basis means an increase in the clerical force as well as the arrangements. Superintendent Sands has many more duties than his predecessor.

**FRENCH REPORT
GERMAN ATTACKS
FAILED**

(Special to The Herald)
Paris, Nov. 11—Today's official communication from the war office says: "German attacks against the French positions in the region of Denicourt, south of the Somme river, broke down with heavy losses. All of the ground taken by the French has been consolidated. In the Sully-Sailly district there were heavy artillery duels during the night. Five more German aeroplanes were shot down during the early morning."

**INDEPENDENTS HOLD
BALANCE OF POWER**

Congress Now Stands, Democrats 215, Republicans 215, Independents 4.

New York, Nov. 10—With returns missing tonight from only one congressional district in the U. S., the Republicans and Democrats each had elected 215 representatives. The vote in New Mexico which is still in doubt probably will determine which party is to have a plurality of one over the other. The present member from New Mexico is a Republican.

The balance of power in the next house will be held by four men—one a Progressive Protectionist from Louisiana, one an Independent from Massachusetts, one a Progressive from Minnesota and the other a Socialist from New York. The action apparently will determine the choice of a speaker as well as the fate of legislation which is supported or opposed upon purely party lines.

In addition to the hope of electing a congressman-at-large from New Mexico, the Democrats have one grain of comfort tonight. It was that an official count may disclose that Thomas J. Scully has been re-elected from the 3d New Jersey district. They contended the chances were that Scully had been the victor by a few votes over Robert Carson, his Republican opponent to whom the election previously had been conceded by a narrow margin.

**KEITH VAUDEVILLE
AT COLONIAL MONDAY**

Five acts of high class vaudeville compose the program at the Colonial Monday and the two days following. One of the most important from the angle of novelty and newness is "The Island Juke," a group of Nipponese performers who have mastered a dozen lines of entertainment. Not only are they acrobats of extraordinary ability but perform wonderful feats of leg-derpinn and water juggling. Not the least interesting of their stunts is the marvelous Jiu Jitsu, or Japanese national wrestling.

Another headliner of the biggest theatres in the country is "Spencer Charters and Co." in a great little play. Mr. Charters was lately leading man with the successful "Seven Keys to Baldpate" and his present vaudeville vehicle is modeled on the same lines as that play. It is called "The Hermit" and Mr. Charters takes the role of a sour old recluse at a little mountain station on the Santa Fe Railroad. The writer has seen this sketch and has no hesitation in saying that it is about the most enjoyable one-act play he has seen for years.

Miss Irene Meyers is a member of the company and will be remembered as leading lady with her own company no doubt. There is a complete special setting for this act, representing the interior of the little crossroads railway station.

Hodge and Lowell, big time favorites, are on the bill. They have a unique singing and talking act, balanced by some of the finest eccentric dancing you ever beat time to. This sketch is called "The Ruin and the Girl."

Hawaiian music is all the rage now and a pair of real Hawaiians will demonstrate the effectiveness of the plaintive South Sea Island music. These are the "Hawaiian Duo."

A wonderful performer from the "big tops" is Eugene Davis, a skilled aerial performer.

In addition to the aforementioned vaudeville leaders will be the current chapter of "The Yellow Menace," the Colonial's powerful serial. With the "Yellow Menace" Monday and Tuesday will be seen a prime comedy picture.

Wednesday and Thursday you can get the concentrated news of this earth in the news weekly film which will be a part of the Colonial show. Friday and Saturday another news weekly and a comedy reel.

Three complete shows daily, starting at 2:15, 7:00 and 8:45. The prices for the evening entertainment are 10c, 20c and 30c. Daily bargain matinee, all seats 10c.

**HENRY TURNER BAILEY
TO SPEAK IN THIS CITY**

It will be the Grafton club's great pleasure to have Henry Turner Bailey, artist, author, editor and lecturer, address the club on Wednesday afternoon November 15.

He is able to help others see and

realize what is beautiful in pictures in nature. He adds others in the selection of what is beautiful to wear and to put in one's home. He has greatly aided towns in making their buildings and streets more attractive. He has conducted hundreds of people on trips abroad, and in short has made thousands of people understand what makes life worth living. The public is invited to the lecture for which no admission fee will be charged.

Four Destroyers to Be Built at Bath
Secretary of the Navy Daniels on Friday afternoon announced the awarding of contracts for four torpedo boat destroyers to the Bath Iron Works, Bath, Me., at \$1,150,000 each. Their general specifications were: Displacement, 1151 tons; length, 310 feet; breadth, 30 feet 11 1/2 inches; draft, 9 feet 1 1/2 inches; speed, 25 knots an hour.

This is the first award for construction of vessels of the new program authorized by congress in the act of August 10, 1916. These vessels were advertised for the day the bill was passed and Secretary Daniels said today that the time for the passage of the bill to the awarding of the contract was shorter than ever before known.

Secretary Daniels announced that he had summoned to Washington representatives of a number of bidders on the remaining sixteen destroyers to be constructed and on other types of war vessels.

His purpose is to discuss with them discrepancies between details of their bids and the conditions imposed by the navy department, with a view to getting them to the requirements of the department.

Another Motor Barge
Another forty foot mahogany motor barge has been authorized built at the yard. The barge will be assigned to Captain Gleaves, commander-in-chief of the destroyer fleet, who will shortly change his flag from the Birmingham at Boston to the Washington at the Portsmouth yard.

The football team from the army at Fort Constitution and the Washington team will meet on the yard grounds Sunday afternoon.

Board Gives Out New Schedule.
The committees from the several trades of the yard appeared before the yard wage board at different periods this afternoon to hear the conclusion reached by the board as to the new wage schedule.

All Helpers Called.
Five general helpers and one moulder's helper comprised the list of calls issued by the labor board today.

Shells for Lewiston G. A. R.
Thirty 6-inch shells from the yard gun park have been sent to the Knox Post, No. 320, G. A. R., at Lewiston, Me., for ornamental purposes.

Cut Forty Tons Hay.
Forty tons of hay were cut by the government at the cooling station at East Lamoine, Me., which will be stored and used at the local yard. The first shipment of the same arrived on Friday.

Forty tons of hay were cut by the government at the cooling station at East Lamoine, Me., which will be stored and used at the local yard. The first shipment of the same arrived on Friday.

**DELAY SAVED
HIM FROM DEATH**

**Kittery Point Man Came Near
Taking Ill-Fated Car in
Boston on Tuesday.**

The intense excitement over the national election no doubt was the cause of the saving of a life in the person of C. Edwin Phillips of Kittery Point, a bookkeeper employed by the F. E. Hardy Fish Company of South Boston. Mr. Phillips resides on Tremont street, Boston, and every day it is his custom to take the car on which so many people met their death by going into the river on the Summer street extension on Tuesday last.

On that day Mr. Phillips planned as usual to go home at the regular time on this car, but the interest in the election got the best of him and he stopped to read the returns in one of the daily papers, just as the ill-fated car passed his office. It was a lucky delay for him as he seldom ever misses the car that carried sixty people to eternity.

**TAKING DEFEAT
LIKE A SPORT**

**Candidate Hughes and His
Wife Are Good
Losers.**

New York, Nov. 11—Charles E. Hughes is taking his defeat like a "regular sport." Mrs. Hughes is also proving herself a good loser. Neither will concede defeat, though they know the fight is hopeless and they are meeting adversaries smilingly. Until all hopes are killed by the official count in the close states, Mr. Hughes will remain at his hotel in New York so that he will be within reach of his manager when needed. He will not take any rest until the last doubtful ballot is officially tallied. To the closest observers he seems as cheerful over his defeat as if he had been declared a winner.

**HOW THE VOTE
WAS DIVIDED IN
THE COUNTIES**

PLEASANT NEWS.

John W. Vogel, "The Minstrel King," is spreading out, productively as well as physically, his announcement for this season telling of a brand new idea that unites opera, minstrelsy and farce comedy. "Japan," or the Garden of the Mikado, is the name of this new vehicle, the spectacle—for it is spectacular in every sense of the word—being in two acts and fourteen scenes. It is a big affair, fifty-two people and a car load of scenery being used in the production, a Gelsin girl chorus, with the tango-maxixe habit, being a necessary adjunct. "Japan" will be seen at the Portsmouth Theatre, Monday, Nov. 13.

A REAL CAMPAIGN MANAGER.

The junior senator from New Hampshire, the Hon. Henry F. Hollis, must be particularly gratified at the result of the presidential vote in the state which in a great measure was due to his untiring efforts in working for President Wilson in the various cities and towns. The Republicans in many ways had neglected New England and Mr. Hollis, quick to see this, took advantage of it. He conducted an excellent campaign throughout the state and his campaign had a telling effect, especially in the cities. By his work in this campaign he has proved what had been held by many, that he is one of the best campaigners in the Granite State.

The opening of the new building of the Chase Home on Middle road, will make a considerable addition to the enrollment of the Lafayette school, which is already well filled.

GERMANY
WARNS GREECEMust Not Furnish the Allies
With Any More War
Material.

(Special to The Herald)
London, November 11.—Germany, through her ambassador, Count Von Merbach, has warned the government of Greece that they must not furnish the Allies any more war material. A dispatch from Athens today states that the Greek foreign secretary was informed that Germany would consider it an unfriendly act if any more guns or munitions were handed over to the Allies without a struggle.

KITTERY

A hen belonging to Hylon Walker stole her nest several weeks ago and four days ago brought out fifteen smart and lively little chicks—and they are all Democrats.

The Thank Offering Chain of Tens given Friday afternoon under the auspices of the Ladies' Aid of the Government Street Church, were held with great success. About thirty gathered with Mrs. Charles Shackleton of Otis avenue. Mr. A. L. Sprague was soloist, Howard Paul violinist, accompanied by Mrs. Ernest Higgins, pianist, with Mrs. Charles Rudolph as reader. Fifteen enjoyed a very pleasant afternoon at the home of Mrs. A. S. Hearn. A goodly number gathered at the home of Mrs. Elmer Hall, where they were entertained by music from a phonograph, with Mrs. Harlow Parsons as reader. Mrs. George Smart also entertained a goodly number.

Mrs. Bert Ware of Woodlawn avenue is entertaining her mother.

Mrs. M. F. Wentworth, who is the guest of Miss Julia Chisholm at the Columbia hotel, Portland, returned this week from a trip to New York.

VAUDEVILLE DE LUXE.

Monday next is an important date for Portsmouth people to remember. After that you will have no difficulty in remembering that the Colonial is showing two five-act Keith vaudeville shows a week. On Monday will be inaugurated the new vaudeville policy of the Colonial and the management is sincere in its desire to give Portsmouth absolutely the best variety entertainment this city has ever enjoyed and arrangements with the United Booking Offices, otherwise the Keith people, make this entirely feasible.

Mr. Bibber, the Colonial's new director, has had years of experience in the vaudeville game and very successful years.

That the Colonial vaudeville will be far superior to that of any city the size of this is unquestioned, and most cities the size of Portsmouth would be mighty proud of the metropolitan aspect of the coming attractions.

There will be a complete change of program every Monday and Thursday. One big feature which has been arranged for is the Colonial concert orchestra, a feature new to Portsmouth and which has been found a big drawing card in other cities. This orchestra is made up of well known musicians and they give promise of equaling any similar organization in New England.

BIG BATTLE
RAGING IN THE
DOBRUDJAGermans Have Repaired the
Czernavoda Bridge; Fight-
ing in Old Rumania.

(Special to The Herald)

Geneva, Nov. 11.—Field Marshal Von Macken's engineers have succeeded in repairing the great bridge over the Danube at Czernavoda and the German troops are crossing into old Rumania, according to a dispatch received here today. All indications point to the fact that a mighty engagement is being fought along the Danube, in Dobrudja and in old Rumania. Dispatches from Petrograd state that the Russo-Rumanian forces are in touch with the Bulgarian and German forces within a few miles of this great bridge and that the actual fight for the bridge head is being fought now.

All reports indicate that the Russians have been greatly reinforced not only with men, but with heavy artillery which they lacked, and which resulted in their being driven back by the Von Macken's forces.

THAW'S CUSTODIAN STRICKEN.

Former Sheriff Holman A. Drew Very Ill at His Berlin Home.

Berlin, Nov. 10.—Holman A. Drew, one of New Hampshire's best known men, lies unconscious and in a critical condition tonight, as the result of a shock sustained early this morning. But slight hopes are entertained for his recovery.

Mr. Drew, known more familiarly by hundreds of friends and acquaintances as Sheriff Drew, was severely injured in an auto accident in the White Mountains about two months ago. He never fully recovered and planned to go to Boston for treatment either tomorrow or Monday. He was stricken this morning and became unconscious. Up to midnight he had not regained consciousness at any time.

Sheriff Drew has ever been a prominent figure in New Hampshire, but received especial attention when Harry

Thaw was captured in Colebrook, following his flight from Matteawan. Sheriff Drew subsequently became custodian of Harry Thaw, and remained his keeper during the months he was in this state, both at Colebrook, Concord and Manchester. During that time Sheriff Drew became known to thousands.

He is a past grand master of the grand lodge, A. F. and A. M.

SLAVS SMASH MACKENSEN NEAR CERNAVODA BRIDGE

Fierce Battle in Progress Between Austro-German Forces and the Russo-Roumanian Troops in Roumania.

Terrific efforts are being made by Russo-Ruman forces in Dobruja to recapture the Cernavoda-Constanza railroad. Despatches from Petrograd and Bucharest say Mackensen's army has been driven back at one point to within two miles from the railroad. With reinforcements of men and guns General Sakharoff, commander of the Russo-Rumanians in Dobruja, is pounding at von Mackensen's line over a front fifty miles wide, and trying for a flank drive. Heavy losses have been inflicted by the Russians and Rumanians but few prisoners have been taken, neither side asking or giving quarter. Von Falkenhayn's Austro-German forces in the Transylvanian Alps have made another thrust south of Red Tower pass which has put them sixteen miles inside Ruman territory. Yesterday's fighting on the French front was marked by great activity in the air. No less than seventy-seven aerial combats took place between French and German flyers, in which the Germans lost ten machines, Paris reports. Judging by past experience, any sudden outbreak aloft has presaged a drive by the Allies over a wide front.

Heavy Blow to Mackensen
Petrograd, via London, Nov. 10.—Russian troops are now two miles west of Cernavoda, fighting for the famous bridge across the Danube, the war office announced today in its report on the campaign in Dobruja. The text of the statement says: "On the Danube front our cavalry and infantry detachments occupied the station of Dunareav, three versts west (east?) of Tchernavoda. We are fighting for possession of Tchernavoda bridge. More than 200 corpses have been counted on the captured ground."

A number of prisoners and machine guns also have been captured. "We have occupied the town of Ilrsova and the village of Mustel and the heights three versts south of Delgerly and five versts southwest of Fasmdja."

Reverse for Rumanians
Petrograd, via London, Nov. 10.—On the Transylvanian front the Rumanians have suffered a reverse at the hands of the invading Austro-German forces, says the official report. They were driven four versts southward in the region west of Buzau valley. Ruman troops undertook an enveloping offensive movement in the direction of Predul.

The text of the statement reads: "Rumanian front in Transylvania enemy attacks in the Trotus valley were repelled by our artillery. The Rumanian front in Transylvania enemy attacks in the Trotus valley were repelled by our artillery."

"In the direction of Predul the Rumanians assumed the offensive, enveloping the left enemy flank. The battle is still proceeding."

"In the direction of Campulung an enemy attack near Nemoshit was repelled."

Many Air Combats
Paris, Nov. 10.—Seventy-seven aerial combats were fought on the French front. The war office reports that in these encounters a Fokker and nine other German airplanes were brought down.

There was intermittent artillery fighting on various sections of the front, and also infantry skirmishing.

Vaux Hears of Election
Fort Vaux, on the Verdun Front.

Nov. 3 (Delayed).—News of the President's election in the United States was communicated by wireless telegraph to the correspondent of the Associated Press in Fort Vaux today and created intense interest amid the activities of defence preparations and under a very severe German bombardment.

The French found essential parts of the fortress intact and that the other parts could easily be restored, despite a number of mines hastily laid by the Germans before their departure, most of which were unexploded. The Germans also left a million rifle cartridges, many shells and grenades, two machine guns, one cannon, 2000 rations, much canned preserves, quantities of mineral waters, medical bandages and stores.

Ever since their departure the Germans have bombarded the fort night and day, but have not been successful in preventing supplies from arriving. The correspondent was compelled to stay fourteen hours in the fortress and then had to cover the first fusilade from the exit at a racing pace through a shower of high explosive projectiles, which fell on ground already denuded with shell holes like a colander.

Dead Germans lie all around. Letters found on the bodies contain strong complaints regarding the food supply of the civilian population.

Silence German Guns
London, Nov. 10.—"During the night there was considerable artillery activity on both banks of the Aisne, where the enemy used a large number of gas shells," says today's official account of operations on the Franco-Belgian front.

"Northeast of Festubert hostile trench mortars were alerted by our artillery and trench mortars."

British in "Gas" Attack
The official communication from general headquarters issued at midnight reads:

"During the day there was considerable shelling of our front south of the Aisne. We bombarded an enemy area east of Regina trench."

"The enemy's claim of Nov. 5 that he repulsed the British with huge losses in a big battle is entirely false. The facts are as stated in the British communiqué of the same date. The British casualties were in proportion to the small force employed and the scope of the operation."

"Last evening we discharged gas east of Arrancieres and bombed the enemy's trench line. Elsewhere there was nothing to report."

MAINE'S OLDEST RESIDENT
Deacon Elnathan Duren of Bangor Would Have Been 103 Years of Age In January.

Deacon Elnathan F. Duren, the oldest man in Maine who would have been 103 years of age Jan. 14, 1917, died in Bangor Thursday afternoon. He had been remarkably well physically and mentally up to a year ago, but had been totally blind for some years. His eyesight began to fail nearly 25 years ago and he learned to operate a typewriter by touch and turned out almost perfect copy. In later years he has been supplied with the raised letter literature from the Philadelphia Public Ledger. He kept in close touch with current events, read to him by his family and his friends.

Mr. Duren was born in Boston, a son of Elnathan Duren, a merchant and importer and one of the founders of the Handel and Haydn Society which was organized at his house on April 25, 1916.

Deacon Duren went to Bangor in 1834, establishing the first bookstore and bookbindery in the city and was in business there for 47 years. He was the first news dealer in Bangor and the first newspaper correspondent for Boston papers.

GOETHALS HAS RESIGNED
Washington, Nov. 10.—Major General G. W. Goethals is said to have asked President Wilson to accept his resignation as chairman of the board to investigate the working of the eight-hour law recently passed to avert the threatened railroad strike. Appointment of his successor is expected within a very few days.

A TWICE-TOLD TALE

One of Interest to Our Readers.
Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Portsmouth man is confirmed after four years.

J. W. McMullen, insurance agent, 553 Maplewood Ave., Portsmouth, says: "I know that Doan's Kidney Pills are good. They have been used in my own family for severe pains across the back, thinness and soreness through the legs and trouble from the kidney secretions and have been found to be just as represented in every way."

The above statement was given on June 17, 1911, and on October 21, 1915, Mr. McMullen said: "I have used Doan's Kidney Pills personally and from the results I received, I recommend them highly. I have endorsed this medicine before and I again willingly do so."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McMullen has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

"Pape's Diapiesin" is the
quickest and surest Stomach relief.

If what you just ate is souring on your stomach, or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspepsia, indigestion, heartburn, sour, out-of-order stomachs or indigestion in five minutes.

"Pape's Diapiesin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.

VIA SHEARS AND PASTEPOT

When Napoleon met his Waterloo, a little over 100 years ago, the return to peace in Europe had an immediately injurious effect upon the trade and commerce of the United States, then a struggling young republic. This country became the dumping ground of the European factories, and the tariff for revenue only which the Democratic party under Jefferson had enacted was insufficient to prevent it. The Jeffersonian tariff at that time was 22 per cent which was ineffective, yet the Democrats would have us believe that the Underwood tariff, averaging less than 9 per cent, with some of our most important products on the free list, will be sufficient. —Portland Telegram.

President Wilson raised the embargo on shipment of arms to Mexico. During the year 1914 there were shipped into Mexico, according to customs figures, \$750,000 worth of gunpowder; \$488,000 worth of firearms and \$63,000 worth of other explosives. During the fiscal year of 1915, the shipments were \$2,000,000 worth of American cartridges, 2,400,000 pounds of dynamite 38-900 pounds of gunpowder, \$1,230,000 worth of firearms and \$116,350 worth of other explosives. The bars are still down. Still not all of this ammunition has stayed on the Mexican side of the border towns and some of the American soldiers brought back portions inside of them. —Seattle Post-Intelligencer.

Only a few years ago dollar wheat was spoken of with awe, and now two-dollar wheat is mentioned as an imminent possibility. The Ultimate Consumer is trying in a bewildered way to figure out whether the wheat has swollen or the dollar has shrunk, or both. —Providence Journal.

Although Congress was so anxious to get work started on the new battleships it authorized this year that it provided that the Secretary of the Navy could add a bonus of 20 per cent of the cost for speed, Secretary Daniels is holding up the plans for their construction and it is predicted by naval officers that it will be far into the next administration before the keel of a single battleship is laid. Congress appropriated \$5,000,000 to make certain government navy yards ready to build these ships, because of the crowded condition of the private yards, but Daniels has held this work up entirely. Not a hand has been turned toward preparing the navy yards for the big task. —Pittsburg Gazette-Times.

Someone says that potatoes will soon be used in this country to keep down the price of bread. Evidently that chap didn't inquire into the present price of potatoes before he made his ridiculous statement. —Pa. Inquirer.

SOLDIERS' BRIDES START HAPPY HOMES IN TENTS.

El Paso, Nov. 10.—How to have a honeymoon and be a soldier, too, has been exemplified by two Detroit guardsmen, who have constructed khaki huts for their brides within 100 feet of the troopers' tents in the main camp here. The two girls have gone merrily to housekeeping in their army devotees and apparently are as happy as any brides could be.

The brides are sisters, formerly Carmen and Elizabeth Roberts, of Detroit. The bridegrooms are First Sergeant Frank J. McShara and Private Thomas Moon, Company D, 21st Michigan. Carmen Roberts and Moon were the first pair married, but when Sergeant

McShara met Miss Elizabeth at the camp another ceremony soon followed and the two fellow soldiers' became brothers-in-law.

The newly-weds have set up pyramidal khaki tents, with modern pine flooring. The tents are heated by small conical stoves, and the cooking is done out of doors in true frontier fashion.

BIGGEST WINTER TOURIST SEASON IS EXPECTATION.

Jacksonville, Fla., Nov. 10.—Winter resorts of Florida are preparing for the largest tourist business in their history. Advice received from northern cities indicate there will be a greater number of people visiting Florida this season than ever before. One of the chief reasons for the increased number of prospective visitors is that northern people are prosperous and will be able to take winter vacations.

In the matter of Joseph A. Jallbert, Bankrupt.
To the Honorable Edgar Aldrich, Judge of the District Court of the United States for the District of New Hampshire:
Joseph A. Jallbert, of Londonderry, in the County of Rockingham, and State of New Hampshire, in said District, respectfully represents that on the 8th day of September last, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property and has fully complied with all the requirements of said acts, and of the orders of the court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 9th day of November, A. D. 1916.

JOSEPH A. JALBERT, Bankrupt.

Order of Notice Thereon.

District of New Hampshire, ss.
On this 10th day of November, A. D. 1916, on reading the foregoing petition, it is ordered by the District Court of the United States for the District of New Hampshire, that he be and upon the same on the 11th day of December, A. D. 1916, before said court, at Concord, in said district, at ten o'clock in the forenoon; and that notice thereof be published in the Portsmouth Herald, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

And it is further ordered by the court, that the clerk shall send by mail to all known creditors notices of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable Edgar Aldrich, Judge of the said court, and the seal thereof, at Concord, in said district, on the 10th day of November, A. D. 1916.
(Seal of the) BURNS P. HODGMAN, Clerk.
A true copy of petition and order thereon. Attest:

GREAT DROP IN PRICES OF HARD COAL

WHOLESALE SAY THE DECREASE IN NEW YORK VARIES FROM \$2.50 TO \$4 ON A TON

New York, Nov. 10.—The tension in the coal situation has eased in the past few days and wholesale prices have dropped several dollars a ton, according to statements by trade authorities here today. Anthracite selling recently at \$12 to \$12.60 a ton wholesale may now be purchased for from \$8.50 to \$10, coal men said.

Arthur F. Rice, president of the Coal Merchants Association, attributed the lower prices to the milder weather and to the fact that the public had recovered from its recent "panic" during which householders filled their bins through a fear that prices would rise still higher.

The recent high prices were due principally, Mr. Rice asserted, to labor shortage, industrial factories working overtime and a smaller mining of coal from April to September.

RAISES FAMILY OF 18 AND FINDS IT EASY

Chicago, Nov. 10.—"Live in the city and raise a large family if you are looking for happiness and health and prosperity."

This is the advice of Mrs. Edward A. Sharp who is caring out her words by keeping together a family of 18, the largest in Chicago.

The family, Mrs. Sharp says is living in comparative luxury and enjoying life on \$8000 a year. Mr. Sharp, an oil salesman and the two older daughters support the family. Of the remaining fourteen children, John, 24, is attending college and five others are attending school. Fifteen of the children live under the same roof. How do they do it?

"By careful buying and right living," says Mrs. Sharp. "I run the house as my husband runs his business. We buy at retail and we pay cash for everything. We do not skimp on necessities, but we cut out unwholesome luxuries in food and dress and the result is true happiness, a bank account and but few doctor's bills."

PINK BOLL WEEVIL ALARMS COTTON MEN.

Memphis, Tenn., Nov. 10.—Announcement made by the United States Department of Agriculture that the pink boll weevil has been found in the Laguna district, Coahuila, Mexico, has created intense interest among cotton planters throughout the south.

The common boll weevil now known by planters in the greater part of the cotton belt also appeared first in the far southwest. Many authorities believe the pink weevil will move north-eastward steadily.

The weevil now common in the south moved northeast between fifty and sixty miles a year. The past year has seen this weevil spread over more territory than ever before in a single season as conditions were favorable for its progress. It is estimated the loss in cotton this season through the work of the weevil has been 2,000,000 bales, valued at \$200,000,000.

New BATTLESHIP ARIZONA IS ON HER FIRST CRUISE

New York, Nov. 10.—The new battleship Arizona put to sea from the New York navy yard today on her first trip since she was placed in commission about a month ago. She has gone out for a "shake down" it was said at the navy yard—a practice cruise to test out her engines and equipment. It was said she probably would join her sister ship, the Pennsylvania off Hampton Roads for joint maneuvers.

BRITAIN SETS CLIMAX AT HAND IN WORLD WAR

GEN. BRUSILOFF DECLARES BIG CONTEST IS ALREADY WON—WILL PROTECT ROUMANIA

London, Nov. 10.—Two optimistic views of the war from the point of view of the allies are given a prominent place in the morning newspapers. The first is a quotation from the speech made at the lord mayor's banquet last night by Field Marshal Viscount French. The field marshal said: "It seems that the contest is approaching a climax, to come either now or in the spring. We must remember, however, that a climax and an end are not necessarily the same thing."

The second opinion was expressed by Gen. Alexis Brusiloff, who, speaking to a British correspondent at Russian headquarters said:

"The war is won today. It is merely a question of speculation as to how much longer it will be before the enemy is convinced their cause is irretrievably lost."

The general added that he spoke with authority in declaring that the whole of Russia, from the Emperor to the humblest soldier, was determined to protect, help and support Roumania in every possible way.

"Russia will see," he said, "that our brave little ally does not suffer from espousing the cause of the allies."
